

MICROSOFT AWARD:

Microsoft Dynamics-GP Business Solutions New Partner Of The Year

Announcement of the new Partner of the Year award, made by Microsoft at the European Partner Forum in Paris, June 2001.

Award Description

Given for a strong commitment to the Microsoft Dynamics-GP mission statement, dedicated resources to focus on Microsoft Dynamics-GP solutions, gained new business through several customer adds.

DESCRIPTION OF WINNER:

"The Partner we recognise this evening as new Partner of the Year was authorised as a reselling partner in February 2000. Since that time, this organisation has consistently been in the quarterly Top 10 list of Partners through a number of excellent, successful and focused sales activities.

They have a small but dedicated staff and are growing rapidly. They recognised the potential of the Microsoft Dynamics-GP offerings and adjusted their strategies to focus their efforts on selling our products. In less than one year, they have gained six Microsoft Dynamics-GP customers, selling both Back Office and Front Office. This sets an aggressive new benchmark for all new Partners.

Situated in Godalming, UK and run by a very experienced and dedicated individual, Dinah Hudson.

Please help me recognise the new Partner of the Year, Gyrosoft Applied Solutions Ltd."
